Please Take One!

Information (01/07/2010):

Exterior Window Washers have had trouble the last few days with high winds. They will keep going as weather permits.

If anyone wants their interior windows washed, they will be starting next week. Please sign up at the Front Desk. The cost is \$60 for the living room and each bedroom is \$10.

The Christmas Tree dumpster is back, and will be here until Wednesday the 13th. Please don't forget to use the tarps.

If you haven't picked up a new phone book(s) (and you want one) they will be here until Wednesday the 13th.

The carpet in the Terrace Room covering the dance floor (yes there is a dance floor) is being repaired and will be back on Friday January 15th.

Finally, we need to do some Building Heating System repairs that will require us to shut off the water to the Building. This also means that you will not have heat during the repair. The forecast is for 55 degree weather on Wednesday January 13th. We will turn off the water (and heat) at 10:30 AM and hope for a speedy repair. Repair Time estimate is 1 – 4 Hours. We will notify you by Dial My Calls and Elevator Notice when the water (and heat) is back on.

Sorry for the Inconvenience!

David Rice, Building Manager
